

REMARKS

This document responds to the Notice to File Corrected Application Papers mailed on December 21, 2010.

Informalities

The Notice to File Corrected Application Papers as attached herewith states that on Page 6 of the specification the brief description of FIG. 1 does not comport with the drawings filed on September 16, 2003 since none of those drawings include such a designation. In addition, the Notice to File Corrected Application Papers states that the drawings filed on September 16, 2003 includes a FIG. 1b; however, the brief description of the drawings does not describe a drawing with that particular designation. In response, the Applicant has amended the specification to correctly recite that "FIG. 1" should be "FIG. 1a" and "FIG. 1a" should be "FIG. 1b". In addition, the Applicant has corrected certain grammatical errors found in paragraphs [0024] and [0028]. Based on the foregoing, the Examiner is respectfully requested to enter the amendments into the record for the instant application.

CONCLUSION

By the present response, the Applicant respectfully submits that the amendment to the specification corrects the informalities noted in the Notice to File Corrected Application Papers mailed on December 21, 2010. As such, the U.S. Patent & Trademark Office is respectfully requested to withdraw the informalities. The Examiner is invited to telephone Applicant's representative at (314) 622-6855 to facilitate prosecution of this application.

If necessary, please charge any additional fees or credit overpayment to Deposit Account No. 50-1662. Allowance of all pending claims is respectfully requested.

Respectfully Submitted,
